

Come to a camp
where creativity and learning
don't just grow - they blossom!

Our Mission

The mission of Camp Leonardo, sponsored by Southern NH Montessori Academy, is to provide a **rich and entertaining summer-time learning experience** to children ages 3-5 (preK-kindergarten) concentrated in the areas of Science, Technology and the Arts whereby children are introduced to and have the opportunity to explore areas of intrigue.

Our programs are structured so that you have the option of your child attending morning sessions or full-day sessions.

Morning: 8:30am-11:30am
Full Day: 8:30am-3:30pm

Half-Day Program \$125/week • Full-Day Program \$225/week

Multiple week and sibling discounts available.
See registration form for complete discount details.

Registration includes a **FREE** camp tee shirt!

At Camp Leonardo, we provide a rich experience that is **creative, informative, and FUN**; a program where children explore topics of interest through various mediums and activities, specifically developed for their age-range.

Like Leonardo da Vinci, our programs balance **Science, Technology and the Arts**. We look forward to providing your child with a curriculum that **develops and strengthens** budding interests, as well as plants the early seeds for future pursuits. With **hands-on involvement** in a nurturing environment, we provide a wide range of encounters where children "do".

With assumption that this will mark the first summer camp experience for many, our trained staff practices **inclusion** and shepherds **self-discovery**, so your child's experiences will carry on well past summer's end.

Learning never exhausts the mind.

- Leonardo da Vinci

Creativity Blooms Everywhere!

*Our Camp DaVinci is for Children 6-9

Program Descriptions

Camp Sprout June 20-24

How does your garden grow? With silver bells and cockleshells or mud pies and dandelions? Come learn about a garden's life, what makes the flowers grow and why the bumblebee dances to give directions. We'll paint with honey and watch seedlings sprout. If your child wants to get the dirt on dirt or wants to see how their gardens can grow then this camp is for you. Join us, it's the bee's knees!

Once Upon a Time June 27-July 1

Every great bedtime story starts the same, Once upon a time... and this camp is no different. Enter a realm of talking bears, ingenious maidens and gallant knights. This camp takes the heart of fairytales and makes them come to life from the page to the stage. We will make costumes and sets, act out stories and learn all about what goes on in the world of make believe. Perfect for your little actor or any child who's learning to use their words and what a wonder world of words we will discover!

Young at Art July 5-7 (*4 days)

Paints and crayons? We've got it! Loom and clay? That too! Learning about art has never been so hands on! We will balance technique with creative expressions, discovery with design. Like our camps namesake we take the visual arts sincerely because we know how important they are to coloring a child's view of their world. Just the thing for your little Leonardo or child whose keen eye you want to nurture.

Through the Woods July 11-15

Over the river and through the woods to Camp Leonardo we go! Does your child come alive in a natural setting? Find playmates with the ants in the park? Long to have a campout under the stars? Then this is the camp for them. We will eat smores and sing campfire songs, go on a bear hunt and learn about our forest friends all from the classroom! Won't you join us for this frolicking good time as we get back to nature and explore the world around us?

Wee Cook July 18-22

2 parts curiosity and 1 part discovery are on the menu at Camp Wee Cook. Mix it up with the gooiest, chewiest camp around. Did you know that you can make ice cream from bananas? Which famous vegetable really isn't and how many peppers are really in a peck. Not just a cooking class this camp will explore food crafts and fun food facts as well as explore what you need to eat to grow up big and strong. Ideal for your budding Iron Chef or any child who wants to know more about the food they eat.

Composaurus Rex July 25-29

Ready for a RAWRking good time? Does your little one dream big Dino dreams? Want to know everything about these great creatures? Then this camp is for them! We will make habitats and search for fossils. Learn what they ate and what their names mean. A great adventure awaits your child when we turn back the clock and go camping in a land before time.

Construction Junction Aug 1-5

Have a little architect on your hands whose yearning to spend a week building buildings from the ground up? Then this camp is for them. We will build everything and anything we can think of – no job is too tall or builder to small. Using a wide variety of building materials we will plan and build cities, bridges and cars. Learn what types of buildings there are and what they are used for and how even the most fantastical dwelling can come to life under your child's hands.

Seashells By the Seashore Aug 8-12

Why did the whale cross the road? To get to the other tide! Join us for an end of summer splash! We will dive below the surface to get the skinny on those who live under the sea. Sea themed crafts and underwater adventures will help us set sail for lessons on tide pools and marine life. This is a perfect way for your child to explore the wonderful world of water that surrounds them.
